1. INTEGRATED DEVELOPMENT

PLANNING

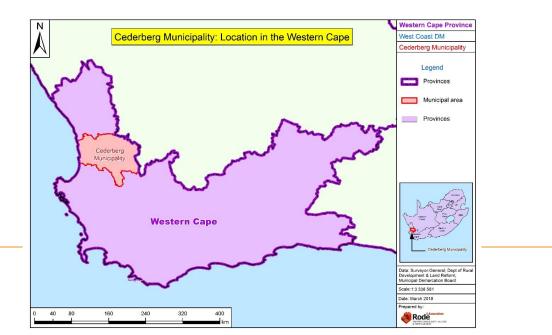

The Integrated Development Plan (IDP) is the Municipality's principal strategic plan that deals with the most critical development needs of the municipal area (external focus) as well as the most critical governance needs of the organisation (internal focus).

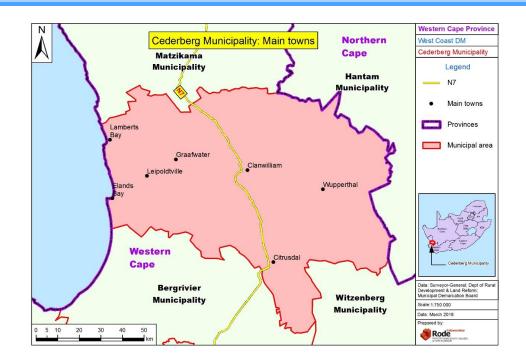

The IDP -

- is adopted by the council within one year after a municipal election and remains in forcefor the council's elected term (a period of five years);
- is drafted and reviewed annually in consultation with the local community as well as interested organs of state and other role players;
- guides and informs all planning and development, and all decisions with regard to planning, management and development;
- forms the framework and basis for the municipality's medium term expenditure framework, annual budgets and performance management system; and
- seeks to promote integration by balancing the economic, ecological and social pillars of sustainability without compromising the institutional capacity required in the implementation, and by coordinating actions across sectors and spheres of government.

2. GEOGRAPHICAL CONTEXT

The jurisdiction of the Cederberg Municipality covers an area of 8 007 km², which constitutes 26% of the total area (31 119 km²) of the West Coast District municipality within which it lies. The Cederberg Municipality is in the northern segment of the district and wedged between the Matzikama municipality (to the north) and the Bergrivier Municipality (to the south). It is bordered to the east by the Hantam municipality in the Northern Cape province. Clanwilliam is the main town and is located more or less in the middle of the municipal area. The other settlements are Citrusdal, Graafwater, Leipoldtville, Wupperthal, Algeria, and the coastal towns of Elands Bay and Lamberts Bay.

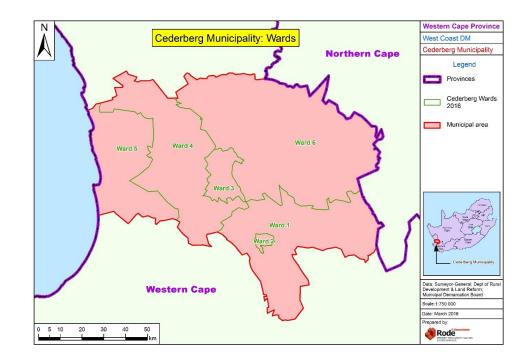

3. CEDERBERG MUNICIPAL AREA AT A GLANCE

Geographic summary		
Province name	Western Cape	
District name	West Coast	
Local municipal name	Cederberg Municipality	
Main town	Clanwilliam	
Location of main town	Central to the rest of the municipal area	
Population size of main town (as a % of total population; 2011)	Slightly more than 15%	
Major transport route	N7	
Extent of the municipal area (km ²)	8 007 km²	
Nearest major city and distance between major town/city in the municipality	Cape Town (about 200 km)	
Closest harbour and main airport outside the municipal area	Saldanha; Cape Town	
Region specific agglomeration advantages	Agriculture: It is strategically located on the Cape-Namibia Corridor, and the N7 links the area with Cape Town (to the south) and the Northern Cape	
Municipal boundary: Most northerly point:	31°50'37.82"S; 18°27'5.76"E	
Municipal boundary: Most easterly point:	32°29'9.13"S; 19°30'58.90"E	
Municipal boundary: Most southerly point:	32°52'40.60"S; 19°7'14.37"E	
Municipal boundary: Most westerly point:	32°26'34.65"S; 18°20'4.21"E	

4. WARD DELINEATION

The Cederberg Municipality consists of 6 electoral wards, with wards 1, 4 and 6 being the largest in terms of size. In the table below, the 6 wards are listed with the approximate number of persons in each ward, size of the ward and population density.

Ward No	Description	Population	Size	Population density
1	Citrusdal (rural area)	9 849	1 769.7 km²	5.6 people per km ²
2	Citrusdal (town)	7 178	41.2 km²	174.1 people per km ²
3	Clanwilliam	7 674	264.7 km ²	29.0 people per km ²
4	Graafwater	8 515	1 650.4 km²	5.2 people per km ²
5	Elands Bay, Lamberts Bay and Leipoldtville	9 141	1 113.0 km ²	8.2 people per km ²
6	Wupperthal	7 411	3 169.8 km²	2.3 people per km ²

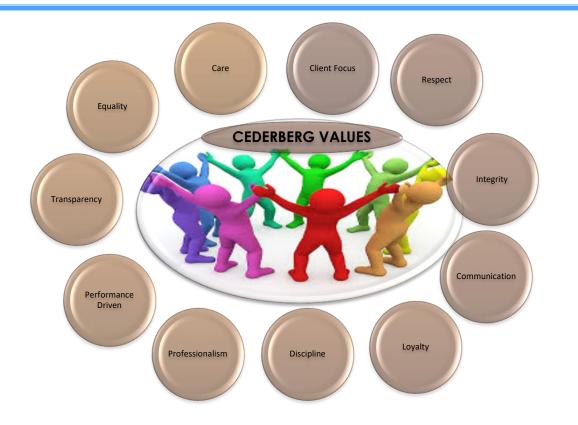

The table below provides a summary of the municipality's social context:

Social context		
Total number of learners enrolled in 2019 (Cederberg)	7 889 (7 710 in 2017)	
Average learner retention rate (Cederberg)	69.6% (2019)	
Total number of public schools in 2019 (Cederberg)	23	
Number of no-fee schools (Cederberg)	78.2%	
Matric outcomes -pass rate 2019 (Cederberg)	87.5% (85.1% in 2017)	
Labour force participation rate (percentage) within the municipal area (2019)	78.8% (70.09% in 2017)	
Unemployment rates within the municipal area (2019)	7.9% (7.3% in 2017)	
Income levels (typical income within the municipal area)	89.4% of households earn less than R153 801 per annum	
Major travelling modes for the municipal community (by priority usage)	Foot, car as a passenger, car as a driver, minibus/taxi, bus, bicycle, train	
Transportation needs and challenges	Provide reliable and cheap short and long-distance travel modes (feasibility restricted by public-transport ridership)	
Public transport areas of need and mode type that could link development corridors or development areas	Minibus/taxi, bus	
Socio-economic profile 2020		

5. VISION, MISSION, VALUES

6. STRATEGIC OBJECTIVES

SO1	Improve and sustain basic service delivery and infrastructure development
SO2	Financial viability and economically sustainability
SO3	Good Governance, Community Development & Public Participation
SO4	Facilitate, expand and nurture sustainable economic growth and eradicate poverty

10. Mobile Police Station	Provide a Mobile police Station
11. Assist with job creation	Assist with job creation through LED projects, EPWP, CWP
12. Beautification of Town	Welcome boards at entrance of Wupperthal and outer stations

8. FINANCIAL SUMMARY ON 2022/23 MTREF BUDGET

Total operating revenue has grown by 10.16% or R35.521 million for the 2022/23 financial year when compared to the last 2021/22 Adjustments Budget. For the two outer years, operational revenue will increase by 0.99% in the 2023/2024 and 7.36% for 2024/25 respectively, equating to a total revenue growth of R32.426 million over the MTREF.

Total operating expenditure for the 2022/2023 financial year has been appropriated at R395.428 million and translates into a budgeted surplus of R47.969 million after taking into consideration capital funding. When compared to the 2021/22 Adjustments Budget, operational expenditure has decreased by 2.41% in the 2022/23, by 1.24% in the 2023/2024 and increase by 7.74% in the 2024/25 budget year.

The budget surplus for the two outer years steadily increases to R44.506 million for 2023/24 and further increase to R48.861 million for 2024/25 after capital funding is accounted for. These surpluses will be used to fund capital expenditure and to further ensure cash backing of reserves and funds.

The capital budget of R70.530 million for 2022/23 has decreased by 10.11% when compared to the 2021/22 Adjustment Budget. The reduction is due to lesser grant allocation and affordability constraints in the light of current economic circumstances and financial recovery of the municipality. The capital program amounts to R50.799 million in the 2023/24 financial year and R48.519 million in the 2024/25 financial year. A mixture of different sources has been used to fund the projects over the MTREF.

The major portion of the capital budget will be funded from Government grants and subsidies as the municipality does not have the financial resources to commit its own funds to capital financing. A portion of the capital budget will be funded from borrowings, for the first two year of the MTREF with anticipated borrowings not exceeding R9.000 million in the 2022/23 financial year. It needs to be noted that Cederberg Municipality has not yet reached its prudential borrowing limits and so there is still room for increasing borrowing over the medium-term. It is however very important to ensure that the municipality sufficiently recovers financially prior to the taking up of additional capital loan funding in excess of current annual redemption. The repayment of capital and interest (debt services costs) will not substantially increase over the MTREF and will therefore contribute to the financial recovery of the municipality.

8.3. CAPITAL EXPENDITURE

The capital expenditure framework totals R169 848 million over the MTREF, of which R70.530 million is allocated for the 2022/23 financial year.

The Municipality has appropriated an amount of R58.684 million for the development of infrastructure which represents 83.20% of the total capital budget. The capital expenditure is spread amongst all the 4 of the 7 strategic objectives of the municipality, but basic infrastructure remains the major benefactor in this programme.

The table below reflects the capital projects by function that will be implemented in the next three years:

9. CONCLUSION

In conclusion the IDP Process for Cederberg Municipality was prepared in line with the methodology and approach put forward by the adopted Process Plan. An extensive public participation process was undertaken that included a community survey, and roadshows in all the towns of Cederberg and other meetings. Various public and political mediums were used to announce the 2022/23 IDP process and valuable comments and input were received throughout the process.

The IDP process and development will continue to be dynamic in nature and there are and will remain areas of improvement in this process. Notwithstanding this, positive strides have been made to improve the strategic planning and management to the benefit of Cederberg's community. It is trusted that the IDP and Budget Process have been an assertive effort in directing the Municipality towards the development challenges and needs of our communities.

It should always be borne in mind that "service delivery is a journey not a destination", therefore, constant consultation and engagement with stakeholders and clients should always be maintained to ensure continuous improvement. Cederberg Municipality will therefore ensure that its Annual Budget is guided directly by the priorities identified by the communities which are included in this IDP.

It should be noted that Cederberg Municipality is under financial strain and have put measure in place to mitigate the financial situation. Council decided to focus on the core functions of local, revenue enhancement, implementation of its Credit Control, Debt Collection Policies, cost containment, debt impairment and restructuring of the Macro and Micro Structures.
