PART 1: PREAMBLE

- 1.1. **WHEREAS** Section 81(1)(d) of the MFMA states *inter alia* that “*The Chief Financial Officer of a municipality-...must advise senior managers and other senior officials in the exercise of powers and duties assigned to them in terms of section 78 or delegated to them in terms of section 79;...;*” and
- 1.2. **WHEREAS** the Chief Financial Officer therefore has a statutory duty to ensure that adequate policies and procedures are in place to ensure an effective system of financial control; and
- 1.3. **WHEREAS** a municipality’s virement policy and its underlying administrative process within the system of delegations is one of these controls; and
- 1.4. **WHEREAS** Section 78(1)(b) of the MFMA states *inter alia* that “*Each senior manager of a municipality and each official of a municipality exercising financial management responsibilities must take all reasonable steps within their respective areas of responsibility to ensure-...(b) that the financial and other resources of the municipality are utilised effectively, efficiently, economically and transparently;*”;
- 1.5. **WHEREAS** the Municipal Budget and Reporting Regulations, 2008 and related annual Municipal Budget Preparation Circulars (e.g. Circular 51 of 2010/11, clause 4.6) provide for a Municipal Virement Policy; and
- 1.6. **NOW THEREFORE** the Cederberg Municipal Council adopts the Municipal Virement Policy as set out in this document.

PART 2: PURPOSE

- 2.1. This policy aims to provide guidelines to senior management in the use of virements as a mechanism in their day-to-day management of their budgets. In addition, it specifically aims to empower senior managers with an efficient financial – and budgetary system to ensure optimum service delivery within the current legislative framework of the MFMA and the Municipality’s system of delegations.

PART 3: CONTEXT, PRINCIPLES, VALUES AND ISSUES

- 3.1. Webster's New Millennium™ Dictionary of English defines "Virement" as "a regulated transfer or re-allocation of money from one account to another, especially public funds."
- 3.2. A virement represents a flexible mechanism to effect budgetary amendments within a municipal financial year.
- 3.3. Changing circumstances and priorities during a financial period may give rise to a need to virement (transfer) funds within or between approved Votes, as defined in the Municipal Finance Management Act 56 of 2003 (MFMA).
- 3.4. The treatment of such instances may, however, be dependent on whether an adjustments budget is required or not and for this purpose the Virement Policy has been developed.

PART 4: SCOPE OF APPLICATION

- 4.1. This Policy is applicable to all municipal officials and must be complied with in every case where virements are dealt with.
- 4.2. All applications must be referred in the first instance, to the CFO for consideration and advice.

PART 5: MAINTENANCE

- 5.1. Given the changing nature of the regulatory, control and operational environment of the Municipality, this Policy will be regularly reviewed and updated on an on-going basis

PART 6: IMPLEMENTATION

- 6.1. This Policy is effective from the date of approval by Council.
- 6.2. It is the responsibility of the various Line Department Managers to bring the content of this Policy to the attention of all parties concerned.

PART 7: GOVERNANCE AND REGULATORY FRAMEWORK

- 7.1. All disposals or letting of assets in terms of this Policy shall comply with the:
- 7.1.1. Constitution of the Republic of South Africa, 1996 as amended;
 - 7.1.2. Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) – section 118 – [MSA];
 - 7.1.3. Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) – section 71(1)(g)(iii) – [MFMA];
 - 7.1.4. Municipal Budget and Reporting Regulations, 2008 and related annual Municipal Budget Preparation Circulars; and
 - 7.1.5. Any other applicable legislation, regulations and policies that may govern virements and that are not in contradiction with the primary legislation referred to above.
- 7.2. The MFMA regulates as follows regarding the incurring of expenditure against budgetary provisions.
- 7.2.1. Section 15 – Appropriation of funds for expenditure *“A municipality may, except where otherwise provided in this Act, incur expenditure only-*
 - (a) in terms of an approved budget; and*
 - (b) within the limits of the amounts appropriated for the different votes in an approved budget.”*
 - 7.2.2. Unauthorised Expenditure (MFMA Definition) *“in relation to a municipality, means any expenditure incurred by a municipality otherwise than in accordance with section 15 or 11(3), and includes-*
 - (a) overspending of the total amount appropriated in the municipality's approved budget;*
 - (b) overspending of the total amount appropriated for a vote in the approved budget;*
 - (c) expenditure from a vote unrelated to the department or functional area covered by the vote;*

- (d) expenditure of money appropriated for a specific purpose, otherwise than for that specific purpose;*
- (e) spending of an allocation referred to in paragraph (b), (c) or (d) of the definition of "allocation" otherwise than in accordance with any conditions of the allocation; or*
- (f) a grant by the municipality otherwise than in accordance with this Act;"*

7.2.3. Overspending (MFMA Definition)

- "(a) in relation to the budget of a municipality, means causing the operational or capital expenditure incurred by the municipality during a financial year to exceed the total amount appropriated in that year's budget for its operational or capital expenditure, as the case may be;*
- (b) in relation to a vote, means causing expenditure under the vote to exceed the amount appropriated for that vote; or*
- (c) in relation to expenditure under section 26, means causing expenditure under that section to exceed the limits allowed in subsection (5) of that section;"*

7.2.4. Section 71(1)(g)(iii) states inter alia *"(1) The accounting officer of a municipality must by no later than 10 working days after the end of each month submit to the mayor of the municipality and the relevant provincial treasury a statement in the prescribed format on the state of the municipality's budget reflecting the following particulars for that month and for the financial year up to the end of that month:...(g) when necessary, an explanation of-*

- ...(iii) any remedial or corrective steps taken or to be taken to ensure that projected revenue and expenditure remain within the municipality's approved budget..."*

7.3. The Municipal Budget and Reporting Regulations, 2008 and related annual Municipal Budget Preparation Circulars (e.g. Circular 51 of 2010/11, clause 4.6) provide that:

"The MFMA and the Municipal Budget and Reporting Regulations seek to move municipalities away from the traditional approach of appropriating/approving budgets by line item. The aim is to give the heads of municipal departments and programmes greater

flexibility in managing their budgets. To further facilitate this, each municipality must put in place a council approved virements policy, which should provide clear guidance to managers of when they may shift funds between items, projects, programmes and votes.

The following principles must be incorporated into municipal virements policies:

- (a) Virements should not be permitted in relation to the revenue side of the budget;*
- (b) Virements between votes should be permitted where the proposed shifts in funding facilitate sound risk and financial management (e.g. the management of central insurance funds and insurance claims from separate votes);*
- (c) Virements from the capital budget to the operating budget are not permitted, except on grant funding subject to the approval of the BTO office (Manager budget and CFO approval); as well as stakeholder approval*
- (d) Virements towards personnel expenditure should not be permitted;*
- (e) Virements to or from the following items may not be permitted: bulk purchases; debt impairment, interest charges; depreciation, grants to individuals, revenue foregone, insurance and VAT unless within same expenditure class and is subject to the approval of the BTO office (Head Budget and CFO approval);*
- (f) Virements should not result in adding 'new' projects to the Budget;*
- (g) Virements of conditional grant funds to purposes outside of that specified in the relevant conditional grant framework must not be permitted;*
- (h) virement are only allowed within votes; and*

The policy must also indicate how the virements process is to be managed within the municipality so as to enable the tracking and reporting of funding shifts.”

- 8.15. Virements are allowed in the first and final month of the financial year
- 8.16. Virement amounts may not be rolled over to subsequent years, or create expectations on following budgets. (Section 30 MFMA).
- 8.17. An approved virement does not give expenditure authority and all expenditure resulting from approved virements must still be subject to the Municipal Supply Chain Management Policy and System as periodically reviewed.
- 8.18 No virement proposal shall affect amounts to be paid from another vote without the prior written agreement of the Manager of that Vote (Section 15 MFMA).
