Sale of Goods and Rendering of Services: This category is 49.07% above YTD budget due to more than expected revenue from specially building plan fees & camping fees in Lamberts Bay. This can be attributed to increase in tourist activities.

Interest earned from Current and Non Current Assets: The variance is 47.81% above YTD budget. This is due to more interest earned on investments than expected.

Operational Revenue (Exchange): This relates directly to service charges and is in the process of being investigated.

Rental from Fixed Assets: The variance is due to billing on commonage which is more than expected.

Property rates: This variance is due to the annual billing of property rates. This will be aligned to budget within the financial year.

License and Permits: No transactions YTD

Transfers and subsidies – Operational: The variance is mostly due to expenditure not yet incurred on grants leading to operating revenue not recognized yet. Historically slow expenditure patterns will be addressed to ensure all grants are fully spent by year-end.

Operational Revenue (Non-Exchange): This relates directly to service charges and is in the process of being investigated.

Gains on disposal of Assets: No transactions YTD, this will usually be done closer to the year-end via auction.

Other Gains: No transactions YTD, will be measured and recorded on year-end.

Employee related costs: The variance is due to the vacancies budgeted, especially directors, which have not been filled yet.

Inventory consumed: The variance is 14.20% below YTD budget. Procurement of goods has commenced and expenditure is underway. Due to more stringent controls we can report lower than expected expenditure on fuel & oil.

Depreciation & amortization: The variance is mostly due to the impairment on Desalination Plant provision made. This will be recognized at year-end when impairment is assessed and calculated.

Interest: The variance is 11.65% under YTD budget. This is mainly due to unwinding of interest of the debt relief which will be recognized when approval and confirmation is received for the 2nd portion write off.

Contracted services: This is 35.62% below YTD budget. Bulk of the variance can be contributed to expenditure still to be incurred for the last phase of the INEP project as well as the Human Settlements Project. Expenditure was recognised for INEP in October 2025.

Transfers and subsidies: This is based on demand. The tourism funds are only payable next calendar year from January 2026.

Operational costs: Various line items are still under YTD budget, bulk of it can however be contributed to fees still to be incurred on the regional waste facility as well as the housing projects.

Losses on Disposal of Assets: No transactions YTD

Other Losses: No transactions YTD

<u>MIG:</u>

Construction of Multi-Purpose Centre Graafwater: Planned completion date is 22 August 2026. Construction in progress

1	6.12.2	- Has the municipality paid its ***bulk water current account*** within 30 days of receiving the relevant invoice (this applies to all municipalities, including metros)? ***Note*** *- refer condition 6.12.2*	Yes	Invoices for September & October paid in October
2	6.12.2	- Has the municipality submitted the supporting evidence of the bulk water current account payment to the National Treasury, the Water Board and/ or Water Trading Entity within 1 day of making any such payment (in PDF format) via the GoMuni Upload Portal https://lguploadportal.treasury.gov.za?	Yes	
3	6.12.2	- Does the amount of the bulk water current account payment as per the proof of payment reconcile to the amount recorded on the financial system as per the mSCOA data string and the section 41(2) MFMA statement of the Water Board and/ or Water Trading Entity?	Yes	
4	6.3.1	- Has the municipality paid its ***Eskom bulk current account*** within 30 days of receiving the relevant invoice (this applies to all municipalities, including metros)? ***Note*** *- current account in terms of municipal debt relief approval means the total Eskom charges for the billing period plus VAT plus any component that may be due in terms of a payment arrangement of "New arrears" (March 2023 and / or subsequent current account(s) up to the date of NT approval of the application.*	Yes	
5	6.3.2 6.3.3	- Has the municipality submitted the supporting evidence of the bulk Eskom current account payment to the National Treasury and Eskom within 1 day of making any such payment (in PDF format) via the GoMuni Upload Portal https://lguploadportal.treasury.gov.za?	Yes	
6	6.3.4	- Does the amount as per the proof of payment reconcile to the amount recorded on the financial system as per the mSCOA data string and the section 41(2) MFMA statement of Eskom?	Yes	
	6.4	**Compliance with a funded MTREF –** ***(choose from drop down list the MTREF assessed)***	Select	
7	6.4.1	- Is the municipality's MTREF funded and aligning to the National Treasury's Budget Funding Guidelines - http://mfma.treasury.gov.za/Guidelines/Pages/Funding.aspx?	Yes	
8	6.4.1	- Has the municipality budgeted for any operating surplus on the A1 Schedule (Table A4 – Budgeted Financial Performance) of the Municipal Budget- and Reporting Regulations?	Yes	
9	6.4.1	- Has the municipality made adequate provision for debt impairment *(considering the actual collection of revenue and property rates during the 12 months immediately preceding the tabling of the budget)* on the A1 Schedule (Table A4 - Budgeted Financial Performance) of the Municipal Budget-and Reporting Regulations?	Yes	
		Note *- For example, if the municipality during the preceding 12 months only managed to collect 60 per cent of its revenue (also property rates), the provision for debt impairment aligning with the historic collection trend should align to 40 per cent of the 2023/24 MTREF revenue projections (also propert rates). If the municipality merely used the debt impairment to 'balance' the budget and there is no real alignment between the provision for such with the actual collection of revenue, the Provincial Treasury must respond to this item as: "No".*		
10	6.4.1	- Has the municipality made adequate provision for depreciation and asset impairment *(considering its asset register and physical state of assets)* on the A1 Schedule) Table A4 - Budgeted Financial Performance) of the Municipal Budget-and Reporting Regulations?	Yes	
		Note *- If the municipality merely used the depreciation and asset impairment to 'balance' the budget and there is no real alignment between the provision for such with the state of assets/asset register, the Provincial Treasury must respond to this item as: "No".*		
11	6.4.2	***- If the municipality's MTREF is not funded*** , has it tabled and adopted a credible Budget Funding Plan as part of the MTREF budget (refer item 9.3 of MFMA Budget Circular no. 122, 09 December 2022)?	N/A - the MTREF is funded	
		Note *- if the municipality has an FRP, a separate budget funding plan is not necesary. However, the PT / NT must assesses whether the existing FRP incorporates / will give effect to a funded MTREF. If not, the FRP requires strenghtening.*		
12	6.4.2	***- If the municipality's MTREF is not funded and it has an FRP per the legislative framework*** , does the existing FRP incorporate a credible Budget Funding Plan (will the FRP give effect to a funded MTREF over the period of the FRP) - aligning with the principles of a budget funding plan as envisaged in item 9.3 of MFMA Budget Circular no. 122, 09 December 2022)? ***Note*** *- only if the municipality does not have an FRP may "N/A" be selected from the dropdown list.*	N/a	
13	6.4.2	- Does the municipality's annual and monthly cashflow projections included on the A1 Schedule (Table A7 - Budgeted Cash Flows and Supporting Table SA 30 – Budgeted Monthly Cash Flows) of the Municipal Budget and Reporting Regulations aligns with and gives effect to the municipality's Budget Funding Plan strategy (or the FRP strategy) and related seasonal trends *(For example higher winter Eskom tariffs, lower January collection rates, etc.?)*	Yes	
14	6.5	**Cost reflective tariffs –** (excluding metros) has the municipality included its completed tariff tool (refer MFMA Circular no. 98 and item 5.2 of MFMA Budget Circular no. 122) as part of the municipality's annual tabled and adopted MTREF submissions with effect the tabling of the 2023/24 MTREF?	Yes	
	6.6	**Electricity and water as collection tools –** has the municipality, with effect from the tabling of the 2023/24 MTREF, ***demonstrated, through its by-laws and budget related policies*** that:		
15	6.6.1	- the municipality issues a consolidated monthly bill to all consumers/property owners in terms of which all partial payments received are allocated in the following order of priority: firstly, to property rates, thereafter to water, wastewater, refuse removal and lastly to electricity?	Yes	The municipality has completed the consolidation exercise for all business and residental properties. The Municipality is inundated with various challenges pertaining to the implementation of this condition and requires guidance from PT & NT.
16	6.6.2	- the municipality disconnects electricity services and/or block the purchasing of pre-paid electricity of any defaulting consumer/property owner unless the defaulter already registered as an indigent consumer with the municipality?	Yes	
17	6.6.3	- the municipality is restricting and/or interrupting the supply of water of any defaulting consumer/ property owner unless the defaulter already registered as an indigent consumer with the municipality? Note: In terms of this condition the municipality must undertake such restriction/ interruption of water together with the municipal engineer(s) to ensure a minimum supply of waste water.	Yes	The Municipality does not have flo-meters to restrict the supply of water. A letter from the engineering department is included supporting this. However, the municipality's indigent policy makes provision for restricting both water and electricity. Indigents are placed on auxiliary until the account is settled. The Municipality successfully received a R1m allocation from PT for the installation of smart water meters. The procurement process for the meters has commenced. The meters have been received, however it has been returned as the service provider will send the correct meters. The Municipality will also implement phase 2 with the allocated grant funding of R2.5m from PT to continue the roll-out of the project. The Municipality will prioritise the full implementation of smart-water meters to its indigent households.
18	6.6.4	- If the defaulting consumer/property owner is registered as an indigent consumer with the municipality, is the monthly supply of electricity and water to that consumer/property owner physically restricted to the monthly national basic free electricity- and water limits of 50 Kilowatt electricity and 6 Kilolitres water, respectively? ***Note*** *– the municipality's monthly MFMA s.71 statement must include as part of the narratives the Indigent Information in the required NT format.*	Yes	Indigents are limited to the National Limit for FBS of 6kl and 50KwH. Any usage in excess of the national FBS is the responsibility of the property owners and is payable to the municipality.
	6.6	***Supporting evidence*** *: The National Treasury and/ or provincial treasury's related budget assessment confirms the municipality's relevant MTREF's related budget policies and by-laws demonstrate compliance with paragraph 6.6.*		
	6.7	**Maintain a minimum average quarterly collection of property rates and services charges –**		
19	6.7.1	- Has the municipality achieved a minimum of *80 per cent average quarterly collection* of property rates and service charges **with effect from 01 April 2023** and *85 per cent average quarterly collection* **with effect from 01 April 2024** during any quarter - demonstrated in the MFMA s.71 monthly and quarterly statement(s) and mSCOA data strings uploaded via the GoMuni Upload Portal?	Yes	The monthly collection rate is 94% for October. The cumulative collection rate is 101.29%.

		***Note** - although the norm and standard for collection (MFMA Circular No. 71) is a 95 per cent threshold, municipalities under the debt relief support will be exempted for the first two years from adhering to this norm.*		
	6.7.2	- If the response in 6.7.1 is "No" and the municipality is unable to achieve the minimum average quarterly collection as per paragraph 6.7.1, **has the municipality demonstrated to the satisfaction of National Treasury the following** :		
20	6.7.2.1	* the underperformance directly relates to Eskom supplied areas where the municipality does not have electricity as a collection tool and that the average quarterly collection of the municipality (excluding Eskom supplied areas) equals the required quarterly average collection set-out in paragraph 6.7.1;	6.7.1 = Yes	
21	6.7.2.2	* the municipality for technical engineering reasons is unable to physically restrict and/or limit the supply of water in the Eskom supplied area(s)?	6.7.1 = Yes	
22	6.7.2.3	* the municipality before 01 February 2024 attempted to enter into a service delivery agreement with Eskom for purposes of municipal revenue collection in the Eskom supplied area(s) as envisaged in sections 76 to 78 of the Municipal Systems Act, 2000 and that such failed and the reason(s) for the failure?	6.7.1 = Yes	
23	6.7.3	- The municipality has progressively installed smart pre-paid meters in the municipality supplied areas to improve its collection and only then, on an individual case-by-case basis, considered writing off the debt of its customers, within its normal credit control process?	Yes	The municipality replaces all prepaid electricity meters (by virtue of damage or theft) with smart meters. Water meters are however still conventional, a smart-meter project will start to replace the conventional meters at indigent households. The municipality will spend the PT grant allocations for both water and electricity by June 2025, however, the installation will only commence with the implementation of the smart-meter project funded by NT. The project approved R46m for the replacement of all pre-paid electricity meters to smart-prepaid meters. The project is currently in implementation phase in Clanwilliam with Citrusdal almost completed.
24	6.7.4	- Has the municipality adopted a policy to install any new electricity connection in the demarcated area with effect the 2023/24 MTREF with a smart pre-paid meter?	Yes	
25	6.7.5	- Has the municipality's 2023/24, 2024/25 and 2025/26 tabled and adopted capital budgets and MFMA section 71 statements reflected the approach set-out in 6.7.3 and 6.7.4?	Yes	The funding has been budgeted under operational expenditure in 25/26 as ownership and control will not be with the municipality once meters are installed. The installation of the meters will only be done during Aug - Oct 2025 as part of the NT smart-meter project. Funds are also available in operating expenditure votes for the replacement of existing meters
	6.8	**Municipality's Completeness of the revenue base –**		
26	6.8.1	- Has the municipality demonstrated through the National Treasury property rates reconciliation tool that the municipality's billing system perfectly aligns to its Council approved General Valuation Roll (GVR) and/ or any subsequent supplementary GVR compiled by the registered municipal valuer?	Yes	The audit was done for verification of variance between the VR roll and billing system, and the municipality is currently billing the properties on monthly basis, except those that were billed once in July 2025, which is the main cause of the variances. The variance emanate from once-off billing because the NT tool does not recognise the once-off billing and the rebates the municipality offers to different customers.
27	6.8.1	- If the response in 6.8.1 is "No", has the municipality demonstrated the steps taken to correct the variances identified? ***Note** - monthly progress against the action plan to address variances to be included as part of the municipality's debt relief compliance reporting in the MFMA s.71 statement*	N/a	
28	6.8.2	- **For the latest ending Quarter** -Has the municipality submitted its completed billing system, GVR and/or interim GVR reconciliations required in terms of paragraph 6.8.1 to the National Treasury quarterly (refer MFMA Circulars no. 93, 98, 107 and 108) to the upload portal on https://lguploadportal.treasury.gov.za?	Yes

29	6.9.1	**- MFMA section 71 reporting –** has the municipal council and senior management team instituted processes to monitor and enforce accountability for the implementation of the municipality's funded budget and Budget Funding Plan where relevant?	Yes	
30	6.9.2	- If progress is slow in terms of paragraph 6.9.1, is the **active intervention evident** from the narratives supporting the municipality's monthly MFMA section 71 reporting and recorded on the financial system as per the mSCOA data string? ***Note** - condition 6.9.2 has a typing error and must refer to 6.9.1.*	6.9.1 = Yes	
31	6.9.3	- **Municipalities with financial recovery plans (FRP)** – if the municipality has a FRP as envisaged in the prevailing local government legislative framework, is the municipality reporting monthly its progress in implementing its FRP to the Provincial Executive?	No FRP	
32	6.9.4	- If the municipality has an FRP, with effect from 01 April 2023, parallel to submitting its monthly FRP progress report to the Provincial Executive, has the municipality also submitted the FRP progress report to the National Treasury: Municipal Financial Recovery Service (MFRS) timeously via the GoMuni Upload Portal https://lguploadportal.treasury.gov.za?	No FRP	
		Note - a municipality with a FRP may only benefit from the Municipal Debt Support programme if the FRP progress report was submitted to both the Provincial Executive and MFRS.		
	6.10	*Provincial Treasury Note - Provincial Treasury certification of municipal compliance – in terms of section 5 and 74 of the MFMA, with effect from 01 April 2023, a delegated municipality may not benefit from Municipal Debt Relief, unless:*		
33	6.10.1	- has the relevant Provincial Treasury (delegated) / National Treasury (non-delegated) monthly monitored the municipality's compliance in terms of these conditions?	Yes	
34	6.10.2	- has the Head of the relevant Provincial Treasury (delegated) monthly certified the municipality's compliance to these conditions, to the National Treasury's satisfaction as envisaged in the **conditions for provincial treasuries** (refer paragraph 4.1.1 to 4.1.5 of MFMA Circular no. 124) and timeously uploaded the compliance certificate via the GoMuni Upload Portal https://lguploadportal.treasury.gov.za? ***Note** - in the case of a non-delegated municipality the National Treasury to issue the compliance certificate.*	Yes	
35	6.10.3	- has the Provincial Treasury failed to rectify any provincial treasury non-compliance with any of the **conditions for provincial treasuries** (refer paragraph 4.1.1 to 4.1.6 of MFMA Circular no. 124) within one month of the non-compliance occurring?	No	
		***Note** - if the PT failed to address its failure such non-compliance will be considered as non-compliance by the municipality in terms of paragraph 6.1.1.*		
36	6.11	**Limitation on municipality borrowing powers -** has the municipality borrowed since its initial or any subsequent benefit in terms of this municipal debt support programme?	No	
		***Note** - there is a prohibition on municipal borrowing for three consecutive municipal financial years from the date of the municipality's initial or any subsequent benefit in terms of this municipal debt support programme. NT confirms that MFMA Circular No. 124: condition 6.11 (Limitation on municipality borrowing powers) will only be enforced in relation to new long term loans (entered into after the effective date of debt relief approval) as envisaged in MFMA section 46. Short term borrowing, including making use of an overdraft for in-year bridging purposes are not considered within the ambit of this condition.*

		***Note:** Only if relevant in the specific circumstances, will a request be made to the Minister of Finance upon the municipality's request to exempt the municipality from MFMA s.8(3).*		
39		***Supporting evidence**:* Has the municipality submitted a copy of the monthly bank statement of its ring-fenced bank account to the National Treasury and provincial treasury aligning to its MFMA s.71 statement collected revenue.	Yes	
40	6.13	**Accounting Treatment -** has the municipality fully accounted for and correctly reported on the write-off of its Eskom arrear debt (debt existing as on 31 March 2023) as per any written instruction of the National Treasury: Office of the Accountant General issued for Municipal Debt Relief to date? ***Note** - to include accounting for any related benefit (e.g. interest suppression, etc.) and alignment with mSCOA.*	Yes	
41	6.14	'NERSA License - has the municipality during the month failed to comply with any condition of the Municipal Debt Relief?	No	
		***Note:** By applying for Municipal Debt Relief as set-out in paragraph 3. of MFMA Circular no. 124, the council of a municipality that during the duration of the Municipal Debt Relief programme fails to comply with any condition of the Relief, agrees to apply to NERSA to revoke the municipality's license in terms of section 17 of the Electricity Regulation Act, 2006 (Act no. 4 of 2006). Figure 11: Property Rates Reconciliation

This month's reconciliation includes changes per the supplementary valuation roll.

The differences between the VR and Billing system will always be there until the tool is updated to cover the special rebates the municipalities have for different properties. This has been reported to PT and was requested to be reported to NT to amend the tool. The audit was done for verification of variance between the VR roll and billing system, and the municipality currently bills the properties on monthly basis with the following reasons for the variances:

- Various property owners are billed annually for property rates, this is not considered by the tool
- The tool does not make provision for vacant business properties
- The tool does not consider the rebates and discounts given on vacant properties, elderly people or properties with a value less the R100 000
- The tool does not make provision for multi-use properties

This table reflects the operating budget (Financial Performance) in the standard classifications which are the Government Finance Statistics Functions and Sub-functions. These are used by the National Treasury to assist the compilation of national and international accounts for comparison purposes, regardless of the unique organisational structures used by the different institutions. The main functions are Governance and administration; Community and public safety; Economic and environmental services; and Trading services. It is for this reason that Financial Performance is reported in standard classification, Table C2, and by municipal vote, Table C3.

Table C5 consists of three distinct sections:

- Appropriations by vote:
  - Which are the budget allocations that are approved by Council in the annual and adjustment budgets (similar to the expenditure by vote in Table C3)
  - If any of these annual budgets (either for Council as a whole or any individual vote) are overspent, then unauthorised expenditure will have occurred. There was no unauthorised expenditure on any vote.
- Standard classification:
  - Similar to Table C2 this portion reflects the capital budget in the standard classifications which are the Government Finance Statistics Functions and Sub-functions. These are used by National Treasury to assist the compilation of national and international accounts for comparison purposes, regardless of the unique organisational structures used by the different institutions.
- Funding portion:
  - This section reflects how the capital budget has been funded by the different sources of capital revenue.
  - It is very important that national government grants are fully spent by the year end otherwise they will have to be repaid to the national revenue fund.
  - Provincial grants should also be utilised but should any unspent portion remain then the provincial departments do not at this time require repayment.
